ISSN : 0976-9048

July – December 2013

Volume 4 No. 2

ISST Journal of Mathematics & Computing System (IJMCS) is a bi-annual peer reviewed journal of Intellectuals Society for Socio-Techno Welfare (ISST), which aims to publish high quality original research papers of applied (practical) problems of mathematics, operations research, engineering and statistics without compromising mathematical precision. Articles that address both the theoretical aspects and the application aspects (including computational) are particularly encouraged. In addition, articles dealing with applied mathematical sciences that have a practical implication will also be accepted (for example computational techniques in operations research or statistics).

Zentralblatt MATH have selected *ISST Journal of Mathematics & Computing System [IJMCS]* for coverage in *Zentralblatt MATH* database.
